In a big hunk of the book he is involved in a great battle where the carrier, Invincible, is trying to flee from the aliens. The author makes a big thing out of the relative speed between the various ships and treats the chase as if it were happening between ships on the ocean or perhaps planes in the earth's atmosphere.

An exciting addition to the Ark Royal series This volume continues the struggle between humanity and an almost incomprehensible form of alien life. This struggle is a most unusual form of warfare, due to the nature of the alien species. It is exciting, and almost impossible to put down.

Slow start, usual Ark Royal ish ending. Good book overall. The book starts rehashing the past books in the series a bit excessively in my opinion. There was some tie in with the main character so it was kinda necessary. After you get thru that crap it gets good. 1 person found this helpful
