Italian culture has developed its love of espresso over the course of a century, built from the mastered craft of hundreds of Italian roasters and those devoted to these expansive flavors. Many roasters come to Italy in search of insight, and although great coffee can be made anywhere in the world-the rich vivid flavors of an authentic Italian espresso are known to many as a definitive experience in quality.

Espresso (/ ɛ ˈ s p r ɛ s oʊ / , Italian: [eˈsprɛsso]) is a coffee-brewing method of Italian origin, in which a small amount of nearly boiling water (about 90 °C or 190 °F) is forced under 9–10 bars (900–1,000 kPa; 130–150 psi) of atmospheric pressure (expressed) through finely-ground coffee beans.

Espresso - Wikipedia

From the Italians: What is Espresso? Espresso is considered an intense type of coffee that is loved by many Europeans, especially Italians. Some Americans are scared to try the espresso mixes because of the bold flavor and taste. It is usually served in a small style container and must be consumed right away after being extracted.
