Landis on Mechanics of Patent Claim Drafting  
Landis spotlights preferred claim drafting practices and techniques and stylised words and definitions that have gained validity over the years through case law, custom, and PTO rules and memoranda.Equally useful to seasoned patent attorneys and newcomers to the field, Landis offers: start-to-finish directions for each type of claim apparatus or machine, method or process, composition of matter, article of manufacture, and biotechnology; model claims for computer inventions, biotechnology ...

Landis on Mechanics of Patent Claim Drafting (Hackett ...  
Landis on Mechanics of Patent Claim Drafting. • 35 USC §112: "The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention" - this principle dates back to the Patent Act of 1836, and predominates the practice of patent prosecution - this phrase includes two distinct requirements, but satisfying one usually satisfies the other - the core purpose of this clause is to ...

Landis On Mechanics Of Patent Claim Drafting [PDF, EPUB EBOOK]  
The claims are the legal heart of the patent, since they will define exactly what is, and what is not, covered by the patent; the application will be rejected if the claims are too broad, or not supported, or fail to be specific in pointing out the invention; on the other hand, the patent will be useless if the claims are insufficiently inclusive, and a product can bypass the detailed claimed ...
