their writing unique. A character's voice is the speech and thought patterns of characters in a narrative. The latter voice is one of the most vital elements of a story for readers of fiction.

### *The Term Voice Defined in Writing*

Formal Voice. Formal voice in writing uses more precise language that appears objective and impersonal. Formal voice in writing is generally used for scholarly and academic reports, essays, article and books, as well as in technical writing, legal documents, research papers, lectures, and ceremonial

Definition of Voice. A voice in literature is the form or a format through which narrators tell their stories. It is prominent when a writer places himself herself into words, and provides a sense that the character is real person, conveying a specific message the writer intends to convey. In simple words, it is an author's individual writing style or point of view.
