This book reveals racially motivated lynching as a more widespread practice, chronicling over 350 instances of lynching that occurred in the state of California between 1850 and 1935. The majority were perpetrated against Latinos, Native Americans, and Asian Americans; more Latinos were lynched in California than were persons of any other race or ethnicity.

xii, 299. \$22.95.) In this study of lynching, the author focuses on minority groups—Native Americans, Hispanics, and Chinese—who were, similar to African Americans, particularly in the South, victims of lynch mobs in California between 1850 and 1935. Ken Gonzales Day argues that white supremacy, racism, and bigotry were key motivations for the public hangings.

Duke University Press - Lynching in the West

Lynchings in the United States first became common in the Southern United States in the 1830s, 1840s, and 1850s, at which time most of the victims were white men. Lynchings of black people rose in number after the American Civil War during Reconstruction; they declined in the 1930s.

Lynching in the United States - Wikipedia

This is a List of lynching victims in the United States. Lynching is the summary execution of an offender, or supposed offender, without due process of law, by a self-constituted and irresponsible body of men. Lynchings in the United States rose in number after the American Civil War in the late 19th century, following the emancipation of slaves; they declined in the 1920s.

List of lynching victims in the United States - Wikipedia

Ken Gonzales-Day's "Lynching in the West 1850-1935" is a work of meticulous scholarship but it is also a true story as chilling as anything that has been written about "the golden state." Doing research in newspaper archives, county court records and photographic repositories, Mr. Gonzales-Day has documented over 350 lynchings which took place in California from the time it became a state until 1935.
