Detrick. This is a good introduction to breaking your camera out in the garden or in a local park. The emphasis is on flowers, and the scope is relatively narrow. But it gives you loads of good ideas and approaches for taking photos of flowers and, to a lesser extent, bugs.

~~Best Books on Macro Photography~~  
Abstract macro photography is a fascinating genre, and flowers are a great way to get started. To capture that type of shot, I recommend focusing at high magnifications and using golden-hour backlight. Photos like this require extremely high magnifications. Zoom in your macro lens!
