Human Dimensions of Change and Team Working

Human factors: Managing human failures. Everyone can make errors no matter how well trained and motivated they are. However in the workplace, the consequences of such human failure can be severe. Analysis of accidents and incidents shows that human failure contributes to almost all accidents and exposures to substances hazardous to health.

Human factors/ergonomics – Managing human failures

The Human Dimension is a framework for United States Army to Optimize Human Performance as part of Force 2025 and Beyond. The Human Dimension White Paper expands on the topic covered in this page. It is not enough for leaders to tolerate or even grow comfortable with uncertainty, the Army requires agile, adaptive, and ethical leaders trained and educated to improve and thrive in uncertainty.

Human Dimension - Wikipedia
