The Value of Measuring Customer Satisfaction **Salesforce UK**

Customer Satisfaction Score (CSAT) This is the most standard customer satisfaction metric, asking your customer to rate her satisfaction with your business, product, or service. Your CSAT score is then the average rating of your customer responses. The scale typically ranges between 1 – 3, 1 – 5, or 1 – 10.

6 Proven Methods for Measuring Customer Satisfaction

One way to measure customer service is to track changes in customer satisfaction over time. If, for example, satisfaction has gone down over the last couple of years, then you'll know a change is likely in order. But if it's improving, or if you've already achieved high levels of customer satisfaction and they're staying constant, then you'll know you're on the right track. **Customer Retention**
