Using social listening to measure brand awareness. Social media is a great place to know which people are talking about your brand. On Twitter, you can simply search using your brand's hashtag to see how many recent tweets are there about you.

How to Measure Your Brand Awareness in a Digital World

Sound measurement is crucial for evidence-based policy making, but existing metrics and measurement tools struggle to keep up with the rapid pace of the digital transformation. Measuring the Digital Transformation: A Roadmap for the Future provides new insights into the state of the digital transformation by mapping indicators across a range of areas against current policy issues.
