I bought this book for my friends daughters birthday, and I also bought one for my children who are 8. They managed to learn basic crochet one rainy day without any input from me! I had originally bought the book to support their learning as I taught them to crochet. They've made little blankets for their teddies and love crocheting!

My First Crochet Book Learn To Crochet Kids  
Very cute book that I bought for my 8-year-old who wants to learn to crochet, but the instructions were written in the UK style, which means that my understanding of what they are asking for ("single crochet", "double crochet", etc.) are all wrong, and I have to look up at the front of the book for what they mean and expect.
