Chemistry text written specifically with Canadian professors and students in mind. A reorganized Table of Contents and inclusion of SI units, IUPAC standards, and Canadian content distinguish this text from other offerings.

Chemistry, 4th Canadian Edition -
WileyPLUS

Chemistry 1ce by Olmsted, Williams, Burk is a newly adapted general chemistry text designed for the specific needs and requirements of Canadian professors and students for use in one or two semester introductory chemistry courses. This adaptation was based on recommendations from an advisory board of instructors from leading institutions across Canada who worked with our Canadian author throughout the development of this text to reach a consensus on topics that best suit

\$250 - JLA FORUMS

Olmsted/Burk Chemistry, Second Canadian Edition is an introductory general chemistry text designed specifically with Canadian instructors and students in mind. Canadian content in the form of SI units, IUPAC standards and research content more accurately reflects the discipline of Canadian chemistry, distinguishing this text from current text offerings which are primarily American.
