Oracle EBS R12 GL User Guide - [PDF Document]

See Data Access Sets, Oracle General Ledger Implementation Guide. Note: This step is generally performed by a system administrator. To create the association between a responsibility and a data access set, set the GL: Data Access Set profile option to the data access set name at the responsibility level for each of your responsibilities:

Oracle General Ledger User's Guide

Oracle General Ledger User Guide Use this manual when you plan and define your chart of accounts, accounting period types and accounting calendar, functional currency, and set of books. It also describes how to define journal entry sources and categories so that you can create journal entries for your general ledger.

User Guide Release 11i - Oracle

Oracle® General Ledger is a comprehensive financial management solution that provides highly automated financial processing, effective management control, and real-time visibility to financial results. It provides everything you need to meet financial compliance and improve your bottom line. Oracle General Ledger is part of the Oracle E-Business Suite, an integrated suite of applications that drive enterprise profitability, reduce costs, improve internal controls and increase efficiency.

ORACLE DATA SHEET Oracle General Ledger

Understand Oracle Fusion General Ledger features. Explore the configuration of enterprise structures. Discuss the Common Applications configuration for Financials. Use General Ledger including journal entries, allocations, intercompany entries, budgeting, consolidations, and financial reporting. Benefits to You

General Ledger Cloud Training and Certification | Oracle ...

Grant Access to your document sequence from General Ledger by selecting Oracle Usernames (ORACLE IDs). The additional applications may use the sequence to number their own documents. Extending access to your document sequence from more than one ORACLE ID is especially useful when there is more than one installation of a given product, for example, when there are multiple sets of books.
