Syllabus - Engineering Physics II

This is the second half of the calculus-based PHYS 2425/2426 sequence. Course Rationale/Objectives. University calculus level physics course is intended to develop and overview physics using calculus based models as well as problem solving and critical ...

Syllabus - Engineering Physics II

Course philosophy 0. Physics is simple! This is the simplest class you will take in your university career. It is rather accurate to say that the content of this class consists of Newton's law of motion \$\vec F=m\vec a\$, along with a little math (algebra, simple trigonometry, extremely simple calculus).
