After a penectomy, everyday tasks can have the potential to get way messier. First off, you have to learn to

# Read Book Penectomy

pee all over again. Each penectomy is unique, due to where the penis is snipped off (I cringe just writing that), so there is no standard way to pee -- you have to experiment, and have towels handy.

The operation is called a partial penectomy if only the end of the penis is removed (and some shaft remains). If not enough of

# Read Book Penectomy

the shaft can be saved for the man to urinate standing up without dribbling (at least 2 to 3 cm), a total penectomy will be done. This means the entire penis is removed, including the roots that extend into the pelvis.
