Postparametric Automation in Design and Construction ...

Post-parametric Automation in Design and Construction - ParametricArchitecture. Home. Books. by Alfredo Andia and Thomas Spiegelhalter. Book Information Automation, a mixture of algorithms, robots, software, and avatars, is transforming all types of jobs and industries. This book responds to one critical question for the design and construction industry: "how are architects, engineers, and contractors using information technology to further automate their practices?".

Post-parametric Automation in Design and Construction ...

Addressing the use of new digital technologies, particularly parametric automation for design and construction in the building industry, this book looks at how technologically advanced architectural and engineering practices are semi-automating their design processes by using sophisticated algorithms to transform their workflows. The book also ...
