A term that refers to Stone Age, Paleolithic, and Neolithic art and artifacts, literally referring to the time before recorded history. As the first building blocks of art history, prehistoric artifacts provide crucial insights into the origin of image- and craft-making; they take the form of tools and small objects, as well as a select few architectural ruins. Art from this period was a ...

~~Prehistoric Art | Artsy~~

Prehistoric art in Scotland is visual art created or found within the modern borders of Scotland, before the departure of the Romans from southern and central Britain in the early fifth century CE, which is usually seen as the beginning of the early historic or Medieval

era. There is no clear definition of prehistoric art among scholars and objects that may involve creativity often lack a context that would allow them to be understood. The earliest examples of portable art from what is now Scotl

### ~~Prehistoric art in Scotland — Wikipedia~~

In the history of art, prehistoric art is all art produced in preliterate, prehistorical cultures beginning somewhere in very late geological history, and generally continuing until that culture either develops writing or other methods of record-keeping, or makes significant contact with another culture that has, and that makes some record of major historical events.
