Qlik Sense Cookbook – Second Edition – Packt

Summary: I review using Join, Lookup() and ApplyMap() as script techniques to calculate using fields from multiple tables. I ultimately recommend ApplyMap(). Qlik charts can calculate values on the fly, using fields from multiple tables in the model. The associative model takes care of navigating (joining) the correct fields together.

Qlik-Sense-Cookbook-eBook: Hand, Philip, Kharpate, Neeraj --

Qlik Sense is improving quickly with 3-4 new releases every year so it is a difficult task for a writer to capture every nuance of this tool. That said, Qlik Sense Cookbook has lots of tips and tricks in recipe format. I am impressed with Set Analysis and extension recipes. The book also has done a great job of exploring various functions.
