Online Library Quanergy Systems

Quanergy Systems is a Silicon-Valley-based technology company offering smart sensing solutions. It is a provider of time-of-flight LiDAR sensors and perception software for real-time capture and processing of 3D spatial data and object detection, identification, classification, and tracking. Its sensors are disruptive in price, performance, reliability, size, weight, and power while meeting the mass deployment requirement of being a solid-state.

Quanergy Systems - Crunchbase Company Profile & Funding

Quanergy Systems, Inc. was founded in 2012 and builds on decades of experience of its team in the areas of optics, photonics, optoelectronics, artificial intelligence software and control systems.
