His latest book, Rest: Why You Get More Done When You Work Less, is an empirical argument in favour of more limited working hours and greater understanding of the benefits of active rest as a means...

Why the secret to productivity isn't longer hours | Money.com

The author says rest is just as important as work because quality rest makes work time more energetic, creative, efficient, and inspired. Rest can mean taking a walk, taking a nap, going on vacation, indulging in a hobby.

Rest: Why You Get More Done When You Work Less by Alex Pang

Pang encourages individuals to make time for play and creativity. In Rest: Why You Get More Done When You Work Less, he combines neuroscience with examples from influential leaders to prove why time away from work, or 'deliberate rest,' is so critical to success. We don't have to conform to a workaholic lifestyle.

Rest Summary | PDF - Four Minute Books

!You will consider how and why you rest in a completely new light after reading this book.!! (Wendy Suzuki, author of Healthy Brain, Happy Life) Rest: Why You Get More Done When You Work Less is about the hidden role that rest plays in the lives of creative, prolific people. Drawing on neuroscience, psychology, and history, it shows that many accomplished people used rest in ways that helped them be more creative, that we can understand why their practices worked, and adapt them to our ...

Rest: Why You Get More Done When You Work Less

Rest is work's partner that, when correctly understood, improves output exponentially, and the quality of our lives commensurately. We have made astounding discoveries in sleep research, psychology, neuroscience, organizational behaviour, sports medicine, sociology, and other fields over the last couple of decades.

Rest: Why You Get More Done When You Work Less: Pang, Alex

In Rest, Silicon Valley consultant Alex Pang argues that we can be more successful in all areas of our lives by recognizing the importance of rest: working better does not mean working more, it means working less and resting better. Treating rest as a passive activity secondary to work undermines our chances for a rewarding and meaningful life.
