Mythologies by Roland Barthes - Goodreads

In his book *Mythologies*, Barthes undertakes a semiotic commentary of popular cultural objects well known in the French community such as steak and chips, wrestling, and even soap power and detergents; unearthing the symbolic value of these objects in relation to their claim of universality, at times finding that some objects retain significations interrelated with the bourgeoisie and capitalist cultures. He resolves to call the cultural power of these objects 'myths'.

Myth hides nothing and flaunts nothing: it distorts; myth is neither a lie nor a confession: it is an inflexion. Placed before the dilemma which I mentioned a moment ago, myth finds a third way out. Threatened with disappearance if it yields to either of the first two types of focusing, it gets out of this tight spot thanks to a compromise—it is this compromise.
