The Ruins of Camelot is an adventurous read for anyone who is a fan of King Arthur, or even Harry Potter. This novel is completely stand alone, but ties in with Lippert's James Potter series. Merlin, as you know, served King Arthur; but, this novel takes place years later, following the last descendant of Arthur.

Ruins of Camelot (Ruins of Camelot Book 1) - Kindle ...

Ruins of Camelot is a fun take on the Arthurian myth and a fall of Camelot that happens long after Arthur. The characters are engaging, the plot is fun, and the weaving back and forth between times is well executed. The narration is also superb. All in all, I highly recommend this one.
