Satan Burger by Carlton Mellick III - Goodreads  
satan burger is a surprisngly filling experience, not fast-food. I was afraid it would be disjointed writing attempting to be avant garde. instead it was a well written, crafted and captivating story- even though it was very bizarre, holding true to its genre--about life and relationships, religion and death, satan and god; are all brought into question in a story-like objective manner. a hidden jewel of a book, if you can get past the strangeness.
