Resources - The scerts model
The SCERTS Model Manuals; Volume I and Volume II (Prizant, Wetherby, Rubin & Laurent, 2007) The SCERTS Model manuals include a two-volume set, detailing SCERTS®, an innovative, research-based educational model for working with children with autism spectrum disorder (ASD) and their families.

The SCERTS Model Manuals; Volume I and Volume II
The SCERTS Model is a comprehensive, multidisciplinary, educational approach for individuals with ASD and related disabilities.

The SCERTS Model and Evidence Based Practice
SCERTS @ is an innovative educational model for working with children with autism spectrum disorder (ASD) and their families. It provides specific guidelines for helping a child become a competent and confident social communicator, while preventing problem behaviors that interfere with learning and the development of relationships.

The SCERTS® Model
SCERTS @ refers to Social Communication, Emotional Regulation, and Transactional Support, which are priority goals in supporting the development of children with ASD and their families. The SCERTS approach recognizes that the most meaningful learning experiences occur in everyday activities within family and school contexts.

The SCERTS® Model - Brookes Publishing Co.
SCERTS consultants are hard to come by, especially outside of Rhode Island where it was developed. The SCERTS group does, however, offer a clinical manual as well as training events which are intended for SCERTS teams (including school, community, and family members). The decision to implement SCERTS often starts with the family.

The SCERTS Model for Children With Autism
Team members who have reviewed the SCERTS @ two-volume manual Team members who are seeking guidelines for implementing the SCERTS @ curriculum-based assessment and developing educational programs consistent with the SCERTS @ Model Teams looking for individualized instruction, guidance, and practice

Training - The scerts model
Article published by the Ministry of Education of New Zealand. The SCERTS Model is currently being adopted by the Ministry’s Early Intervention Division, supporting children 0-6 years of age and their families. SCERTS collaborators are providing training and support for this initiative. Inclusive Education and Autism (2007) (PDF)
