THE SUMBURGH based Sikorsky S-92 search and rescue helicopters have just completed their 1,000th mission since Bristow Helicopters took over the coastguard search and rescue contract from Canadian firm CHC in June 2013. In 2019 alone, the base responded to 198 distress calls, culminating in 232 people rescued and 470 flying hours.

Search and rescue helicopter crew celebrates milestone ...

Combat search and rescue are search and rescue operations that are carried out during war that are within or near combat zones. A CSAR mission may be carried out by a task force of helicopters, ground-attack aircraft, aerial refueling tankers and an airborne command post. The USAF HC-130, which was introduced in 1965, has served in the latter two roles.
