Shatter The Bones Logan Mcrae

Shatter the Bones is the seventh Logan McRae book and is in my opinion the best of the series so far. MacBride has a wonderful talent in not just building up his main detective but in building up the entire station he works in. McBride has managed to make Steel (Logan's boss) and several other members of the book be just as important and just as good a character as Logan and the books are the better for it.

Not that the standard had dropped by much in Dark Blood, but I certainly enjoyed Shatter The Bones a lot more. Things start off with a real bang, pulling us into the action instantly. In fact, we're pulled into the action befo

They always say, "write what you know" so I did - using Aberdeen as the backdrop for a series of horrific crimes, murders, serial killers, and much eating of chips and drinking of beer. Of these, the only ones I have any direct experience of are beer and chips, but some nice local police officers helped me fill in the rest.
