I am a super huge fan of Shelly Crane (especially her Significance Series), so when I got the chance to review an ARC of Smash Into You, I jumped on it! This book is definitely a lot different than Crane's other books; it is told exclusively from the male character, Jude's POV.

Smash Into You by Shelly Crane—Goodreads

Ms. Crane creates a believable story that had me thinking Jude and Marley could walk through the door at any moment. There was a perfect amount of drama, anxiety, frustration, sexual tension, and most of all, hope. I loved Smash Into You and I would highly recommend it to anyone and I look forward to working my way through other novels by Ms. Crane.
