South Africa needs more people who are fluent users of SASL and have an appreciation of Deaf culture. SASL is a complete language with its own grammar, vocabulary and syntax. Like any other language, SASL is capable of communicating a potentially infinite number of ideas. SASL is a first language for the Deaf community, but there are hearing people who communicate through sign language for those who have children, friends and family who are deaf.

South African Sign Language - Wits University

South African Sign Language. South African Sign Language (SASL) is recognised and used as a first language by a large number of Deaf South Africans. Since 1996, SASL has been officially recognised as the language of learning and teaching for Deaf learners. The SASL Department strives to produce students who are in a position to make a contribution to the development of our country in terms of the constitutional principles of social justice and equality for all.
