Manuals | ManualsLib

I bought a tanning bed second hand and the plug would not fit my outlet so I phoned a friend and instead of him switching the outlet he switched the plug out on my tanning bed, the bed required a 110 and he switched it out to a 220 (like a dryer plug because that 's what I had to do with a previous tanning bed which he did that tanning bed as well) it looks as though its fried at this point.
