Thai For Beginners Lesson 1 - Learn to Speak Thai
In Thai, every syllable is pronounced in one of the 5 tones: low, mid, high, falling, or rising. If you've never learned a tonal language before, it might take you some to recognize the 5 tones and eventually use them yourself. The tricky script. The Thai script consists of 44 consonants and 15 vowels. Thai is read from left to right and it doesn't use spaces in the written language, which makes it tricky for beginners to recognize words.
