Buy The Absent Superpower: The Shale Revolution and a World Without America Illustrated by Zeihan, Peter (ISBN: 9780998505206) from Amazon's Book Store. Everyday low prices and free delivery on eligible orders.

The Absent Superpower: The Shale Revolution and a World ...

The Absent Superpower is essentially its Appendix, with much greater detail on a few key points -- primarily, the shale revolution. The Accidental Superpower is, without exaggeration, one of the most important, interesting, and paradigm-shifting books I've ever read. Unfortunately, The Absent Superpower was a HUGE disappointment.

The Absent Superpower: The Shale Revolution and a World ...

The Absent Superpower broke down the ins and outs of the shale industry in the United States. It helped me better understand how shale actually works. Although I take BOLD predictions with a grain of salt, Zeihan helped me better understand the geopolitics of many countries of today.

(PDF) E-Book The Absent Superpower: The Shale Revolution and a World Without America | clare 39 - Academia.edu Academia.edu is a platform for academics to share research papers.

(PDF) E-Book The Absent Superpower: The Shale Revolution ...

"Zeihan follows his groundbreaking analysis of the post-WWII global geopolitical and economic system in Accidental Superpower with a projection of what might happen when the U.S., because of its new energy security and dynamic economy based on the shale revolution, withdraws from its principle role as security guarantor of the global order.

Amazon.com: The Absent Superpower: The Shale Revolution ...

The title of Peter Zeihan's latest book, The Absent Superpower: The Shale Revolution and a World Without America, does an excellent job of summing up the two main themes running through the text. In Zeihan's mind, the growth of the shale industry in North America, and an American Foreign Policy that is slowly shifting away from its post-World War Two/Cold War footing, mean that the world is about to change in profound ways.

Book Review: The Absent Superpower by Peter Zeihan - PoliAtlas

It's finally arrived! I'm happy to announce that The Absent Superpower: The Shale Revolution and a World Without America is finally in print and in stock. Here is a link to the purchase page on Zeihan.com. We will have a digital version ready by February 1st.

The Absent Superpower - Zeihan on Geopolitics

The Absent Superpower is essentially its Appendix, with much greater detail on a few key points -- primarily, the shale revolution. The Accidental Superpower is, without exaggeration, one of the most important, interesting, and paradigm-shifting books I've ever read. Unfortunately, The Absent Superpower was a HUGE disappointment.

The Absent Superpower: The Shale Revolution and a World ...

In 2014's The Accidental Superpower, geopolitical strategist Peter Zeihan made the case that geographic, demographic, and energy trends were unravelling the global system. Zeihan takes the story a step further in The Absent Superpower , mapping out the threats and opportunities as the world descends into disorder.

Amazon.co.uk:Customer reviews: The Absent Superpower: The ...

The Absent Superpower, The Shale Revolution and the World Without America by Peter Zeihan is the second book by him I've read. The first was The Accidental Superpower: The Next Generation of American Preeminence which I reviewed here.

Amazon.com: Customer reviews: The Absent Superpower: The ...

The American shale revolution does more than sever the largest of the remaining ties that bind America's fate to the wider world. It re-industrializes the United States, accelerates the global order's breakdown, and triggers a series of wide ranging military conflicts that will shape the next two decades.

The Absent Superpower Audiobook | Peter Zeihan | Audible.co.uk

The Absent Superpower Quotes Showing 1-1 of 1 "Geopolitics is ultimately the study of the balance between options and limitations. A country's geography determines in large part what vulnerabilities it faces and what tools it holds.
