The ancient Celts were various population groups living in several parts of Europe north of the Mediterranean region from the Late Bronze Age onwards. Given the name Celt by ancient writers, these tribes often migrated and so eventually occupied territories from Portugal to Turkey. Although diverse tribes the ancient Celts spoke the same language and maintained the same artistic tradition which is characterised by the use of idiosyncratic flowing lines and forms.

Celts - Ancient History Encyclopedia

The Celts (/ k lts, s lts /, see pronunciation of Celt for different usages) are a collection of Indo-European peoples in parts of Europe and Anatolia identified by their use of the Celtic languages and other cultural similarities.

Celts - Wikipedia

The Ancient Celts. The archetypal `barbarians from the north', the Celts were feared for their ferocity in battle and admired as skilled craftsmen. For two and half thousand years the Celts have continued to fascinate all who have come into contact with them.

The Ancient Celts by Barry W. Cunliffe - Goodreads

Fierce warriors and skilled craftsmen, the Celts were famous throughout the Ancient Mediterranean World. They were the archetypal barbarians from the north and were feared by both Greeks and Romans.
