Grouped together by themes – color, composition, natural light, framing, and more – each camera technique is broken ...

The Beginner's Photography Guide: Gatumc, Chris ...
Not a standalone guide. Because terms are used before they're defined, and because some things are ambiguous, a true beginner to photography may need to google what the author means, refer to another photography for beginners book, or ask a friend versed in photography. Had I known this beforehand, I'd have considered starting with another book.
