This is a re-read for me since I received this book as a gift from Tippi Hedren when I actually visited her at Shambala many years ago. The sprawling "ranch" covers 180 acres and is home to lions, tigers leopards, cougars and many other large cats, raised from newborn cubs. There are also giraffes, elephants and a host of other wild life.

Download The Cats Of Shambala books, Here is the riveting, lavishly illustrated saga of how actress Tippi Hedren, in the process of making a feature film as a plea to save wildlife, came to share her home & hearth with its "stars" - some hundred lions, tigers, leopards, cheetahs, & cougars - on a 180 acre preserve in California. Over a hundred photos bring the big cats, & the humans who worked, lived, raised them from cubs & sometimes slept with them, vividly to life.
