Typically called a point-and-shoot, a compact camera has a fixed lens and is small enough to carry in a pocket or small bag. The best compact cameras offer a good compromise between features and price, and are often ideal all-rounders. But choose the wrong model and you can end up with a flimsy camera that takes out-of-focus snaps.

### Which Type Of Digital Camera Should You Choose? - Which?

In this guide we'll look at the JBL install compact sub-woofer model options - floor standing, ceiling and pendant - and take a look at some of the issues to be considered when positioning a subwoofer. So first up, the JBL compact install subwoofer range ...
