He argues that some urban spaces create a 'cosmopolitan canopy' where people can (safely) act certain kinds of behaviors, focusing in particular on explorations of race. The book a rare combination of being well-written (and easy and fun to read) and thorough and insightful, and shows how ethnography can be a valuable tool in exploring the topic of race in contemporary America.

Canopies operating in close proximity create a synergy that becomes a cosmopolitan zone. In the vibrant atmosphere of these public spaces, civility is the order of the day. However, incidents can arise that threaten and rend the canopy, including scenes of tension involving borders of race, class, sexual preference, and gender.

Under the cosmopolitan canopy, diverse peoples come together, and for the most part practice getting along. Anderson's path-breaking study of this setting provides a new understanding of the complexities of present-day race relations and reveals the unique opportunities here for cross-cultural communication and comity.
