Asthma-COPD Overlap: Identification and Optimal Treatment

Identification can often be done through inspection of the plant and the growing conditions. Being able to identify the disease helps you to treat your plant correctly and take steps to prevent further problems.

Common Houseplant Diseases: Identification And Treatment ...

1.4.3 If the identification questions (see recommendation 1.4.1) indicate possible social anxiety disorder, but the practitioner is not competent to perform a mental health assessment, refer the child or young person to an appropriate healthcare professional. If this professional is not the child or young person's GP, inform the GP of the referral.
