This Encyclopedia is the first attempt in a generation to map the social and behavioral sciences on a grand scale. Not since the publication in 1968 of the International Encyclopedia of the Social Sciences, edited by David L. Sills, has there been such an ambitious project to describe the state of the art in all the fields encompassed within the social and behavioral sciences.

Political Ethics-Revised 10-11 - Harvard University

History. Although men have written about international relations for thousands of years, only in this century has the field begun to have some of the characteristics of an academic discipline. The publication of World Politics by Paul Reinsch in 1900 is often cited as an early landmark in this development.
