The Mind is Flat: The Illusion of Mental Depth and The ...

The mind is flat an intriguing thesis, that our minds are constant improvisers that have no underlying depth to them - no thought but the stream of consciousness. But it is let down by a blunt argument that does not consider with any seriousness potential objections except to dismiss the preexisting views as nothing more than outdated (pre-scientifex) intuitions or mysticism.

...

Nick Chater ’ s The Mind is Flat: The Illusion of Mental Depth and the Improvised Mind is a great book. Chater ’ s basic argument is that there are no ‘ hidden depths ’ to our minds. The idea that we have an inner mental world with beliefs, motives and fears is just a work of imagination. As Chater puts it:

The very idea of a true self, buried deep in your subconscious is an illusion. So says Nick Chater in his new and potentially industry-destroying book The Mind is Flat: The Illusion of Mental Depth and The Improvised Mind.

Psychoanalysts have spent many years listening to ' clients ' , trying to find the subconscious knot driving their behaviour.

### \*The Mind is Flat\* - Marginal REVOLUTION

In the opening pages of The Mind is Flat, Chater works through various imagined scenarios of Anna Karenina ' s suicide, concluding that even if she was a real person, we could never know why she decided to end her life, because any attempt at an explanation would be an act of fiction. Even if a journalist, Chater writes, approached her on the

The Mind is Flat | Judgment and Decision Making  
Drawing on startling new research in neuroscience, behavioural psychology and perception, The Mind Is Flat shows that we have no inner library of beliefs, values and desires lying with us but instead generate them in the moment and base them entirely on our past experiences. As the listener discovers - through eye-opening experiments and mind-bending examples - we are all characters of our own creation, constantly improvising our behaviour, rather than the playthings of unconscious currents ...
