The Photographer's Guide to Posing - RockyNook

The Photographer's Guide to Posing is perfect for portrait, fashion, and wedding photographers for two simple reasons: Your clients/models/subjects will like their images more; You'll get more keepers on your shoots; It falls squarely into the "I wish I had this when I was starting out" category. And I liked it so much that it's the only posing book I recommend in my Best Portrait Photography Books article.

The Photographer's Guide to Posing: Techniques to Flatter ...

There are a number of standing poses to start from. The first and most obvious is for the couple to stand head-to-head, looking straight into the camera, with her holding an arm on his chest. Take both close-ups as well as wider shots. Another very easy pose has the taller of the two holding the other from behind.
