The science of magic - Home | Facebook

Interest in magic methods can be traced back throughout recorded history, but in the past 15 years, the Science of Magic has recently been undergoing a renaissance. The Westcar Papyrus dates to around the 18th Century BCE and seems to tell the story of a magician performing 'miracles' in the court of the Egyptian pharaoh Khufu.

Home — Science of Magic Association

So in Crowley 's view, magic is the understanding and use of natural phenomena which hasn ' t been yet discovered by science. So in the future, science could well discover that there ' s a natural explanation for voodoo for example. A voodoo practitioner on the other hand is already using what could be termed a " scientific method " .
