Product description When the tiny seed is blown away from its parent
plant, it travels a very long way. Finally it lands on fertile earth,
and the tiny seed grows and grows and grows - becoming the tallest,
biggest flower for miles around! Then one day the wind blows and
thousands of new tiny seeds begin a journey of their own...

~~The Tiny Seed - Scholastic Shop~~
The story starts when flower pods burst and send out their seeds on
the wind. Not all of the seeds survive the journey, but the tiny seed
lands in good soil and begin to grow. The tiny seed grows a lot slower
than everyone else, but eventually transforms into an enormous plant
with beautiful flowers.
