Theme Park Design & The Art of Themed Entertainment Book

Theme park design takes in a lot of different roles, and some people may do several or specialise in something really specific. But they do things like work on the layout of a park, come up with new ideas for rides, put those ideas into practice and build a ride, or work on the look and feel of a ride.

What does a Theme park Designer do? | First Careers

A successful Theme Park Architect should not only be distinctly familiar with iconic and nostalgic Guest experiences, and understand what special sauce they have that makes them timeless; but, theme park Architects should also have their hand on the pulse of innovation and an understanding of new technology that is flooding into the themed entertainment and theme park industry. Theme Park Architects, the plethora of engineers they will hire, and the numerous other design disciplines they ...
