## Toward sustainable federalism : reforming federal ...

In theory, federalism is a pillar of conservatism, but in practice, conservatives find themselves increasingly preoccupied by the need to reform a system of state–federal relations that has become structured to eliminate fiscal responsibility.

## Degenerate Federalism | Manhattan Institute

Wisconsin's mid-1990s welfare reform, for instance, is one of the few examples of a state reducing a cooperative-federalism program pursuant to a federal waiver. Officials in regulation-heavy and tax-heavy states have an enormous incentive to collude with their fellows in other states to form coalitions in Congress aimed at imposing a high ...
