Trauma Nursing: From Resuscitation Through Rehabilitation ...
We live in a time when natural disasters and mass casualties occur with greater frequency than ever before. In many of these situations, patients have been taken to both trauma and nontrauma centers for treatment. Trauma Nursing is a book for both trauma nurses and nontrauma nurses who care for injured patients. This book is a comprehensive text about care of the trauma-injured patient, from prevention and prehospital care to initial evaluation, resuscitation, operative care, and critical ...
