models throughout the 1960s and 70s, and its high-performance sister car, the GT6, was received with equal acclaim. Both cars remain as popular today as when there were in production, their lasting success ensured not only by their attractive styling and performance, but also by their straightforward construction and the ease with which they can be maintained.

Triumph Spitfire and GT6: A Guide to Originality: Thomason ...

The Triumph GT6 is a 6-cylinder fastback version of the Spitfire, styled by the Italian designer Giovanni Michelotti, and produced over 7 years from 1966 to 1973. The GT6 was constructed and...

Triumph GT6- The Classic British 60s Fastback [Complete ...

The GT6 was not a creation based on the fastback-styled Le Mans Spitfire race cars as many believe. Actually, its sleek, fastback roof line was based on a prototype that Spitfire designer Giovanni Michelotti created back in 1963 when the heads at Standard-Triumph asked him to style a Spitfire GT.

Park Lane Classics - No1 For Triumph Spitfire and GT6 ...

The GT6, based on the Triumph Spitfire, was in production between 1966 and 1973, and about 41K copies were constructed at the Coventry England assembly plant over its eight-year run. This example is actually a GT6+, a designation introduced in 1969 which features a revised rear suspension and a raised front bumper (height alignment) among other changes.

1970 Triumph GT6+ Project - Barn Finds

While the Spitfire has the MGB as a formidable adversary, the GT6 is still in a class of its own.

# File Type PDF Triumph Spitfire And Gt6 A Guide To Originality

Triumph Spitfire and GT6 details the history and development of these classic cars, with specification guides for each of the five Spitfire derivatives and three GT6 models.

Triumph Spitfire and GT6: The Complete Story (Crowood ...

The engine needing the least work to retrofit is the Triumph GT6, or the Triumph TR6. This is a six-cylinder engine, displacing 2 liters. Its rated horsepower was 104 hp in its final year of production, which was 1973. Many parts are available for this engine from aftermarket suppliers. This engine is almost a direct bolt-in.

Spitfire Adjustable Front Shock Set (2) by GAZ - for a Triumph Spitfire/GT6. GAZ stocks have a Zinc plated body that resists salt spray and road grime and looks great. Every unit is fully tested when dispatched from the factory with an individual dynamometer report to insure quality.

TS Imported Automotive - Spitfire / GT6 Performance Parts

A very good book, with lots of details I had not found elsewhere about the history and evolution of the Triumph Spitfire and GT6. Great details about the design, reasons for changes made and not made, and the effects of American Legislation forced on British Leyland during the nineteen-seventies.

Triumph Spitfire and GT6 : The Complete Story:  
Taylor ...

Michellotti-Designed Fastback "Spitfire" The GT6 began when the Triumph planners, ignoring the plea for a "Spitfire-6," asked Michellotti to design a fastback body for the popular Spitfire. His design added too much weight to the car so the idea was shelved.

GT6 – Triumph Club – Vintage Triumph Register  
Triumph raced Spitfires, and some early GT6 prototypes at Le Mans, with some good success, and later at Sebring but due to rule changes and the takeover by Leyland, this was not continued.
