Full disclosure. I received this volume for free through a Goodreads Giveaway in return for an honest review. In short, Understanding China through Comics is a great introduction to Chinese history, especially for those like myself who are daunted by the sheer depth and breadth of Chinese history as well as anyone who generally finds it difficult to get excited about non-fiction.

The fourth volume in the Understanding China Through Comics series covers the stunningly productive Ming dynasty and its fall to the Manchus under the Qing, the last Chinese dynasty. The book also addresses Wang Yangming's School of Mind and the painful process of modernization and conflict with the West and Japan, including the Opium Wars and the Boxer Rebellion.

The Making of Modern China: The Ming Dynasty to the Qing ...

Based primarily on interviews senior scholar John A. Lent and Xu Ying conducted with over one hundred cartoonists, animators, and other comics art figures, Comics Art in China sheds light on tumult and triumphs. Meticulously, Lent and Xu describe the evolution of Chinese comics within a global context, probing the often-tense relationship between expression and government, as well as proving that art can be a powerful force for revolution.

Comics Art in China - China Underground

Praised throughout the cartoon industry by such luminaries as Art Spiegelman, Matt Groening, and Will Eisner, Scott McCloud's Understanding Comics is a seminal examination of comics art: its rich history, surprising technical components, and major cultural significance. Explore the secret world between the panels, through the lines, and within the hidden symbols of a powerful but misunderstood ...
