Covid: Labour criticises reinstatement of VAT 'mask tax' ...

Value Added Tax vs. Sales Tax. Sales tax is very similar to VAT, with the key difference being that sales tax is assessed only once at the final stage of the purchase. Unlike VAT, which is assessed at each stage of purchase/production and paid by every successive buyer, sales tax is paid only once by the final consumer. ...

Value Added Tax (VAT) - Overview, How To Calculate, Example

A value-added tax (VAT), known in some countries as a goods and services tax (GST), is a type of tax that is assessed incrementally. It is levied on the price of a product or service at each stage of production, distribution, or sale to the end consumer.

Value-added tax - Wikipedia

A value added tax is a consumption tax on a product when value is added at a production stage or final sale. The amount of VAT is the cost of a product minus costs of materials that have already been taxed. A manufacturer is charged a value added tax on the supplies it buys for producing a product. A consumer must pay the VAT that applies to him.
