information.

~~Refurbished Varian ProStar 330
Photodiode Array Detector ...~~

The prostar 330 looks like it will
fit my needs. The 330 needs a
contact closure start signal which
it gets from the 210 LC pump, but
the manuals I have are not useful
as to how this is accomplished.
The contact closure signal
requires a special cable that
Varian used to sell, P/N
03-935716-01, but no longer
does.
