LXi's powerful design tools make vinyl crafting fun and easy. Manipulate text in any way, shape or form. Add color and graphics. And do it all with ease.

## ~~LXi Vinyl Cutting Software— Signwarehouse~~

LXi Rhinstone Wizard creates the template. The template is made of 20mm to 30mm stencil material and cut out on a vinyl cutter. This is one of those blog posts that should begin with the words, "Because you demanded it!" in big bold letters.

## ~~LXi Rhinstone Wizard Software for Decorated Apparel...~~

Before you send the file to the vinyl cutter, it is important to make sure the software does not override the cutting conditions you will set on the cutter.

# Read Book Vinyl Cutter Rhinestone Lxi

The default mode in the software is for it to override these and it is preset for speed, which is not ideal for cutting thick materials like rhinestone stencil film.

## ~~LXI Rhinestone Wizard Tutorial:~~ ~~Design—SignWarehouse ...~~

This three-part tutorial addresses how to create and apply hot fix rhinestone patterns on apparel using the LXI Rhinestone Wizard ... you do, it is imperative that you set the plotter's conditions for cutting the stencil film. If you are using a Vinyl EXPRESS EnduraCUT, this can be done right here in the Driver Options menu by simply changing the values seen above in the FD and Speed windows ...
