Goldstein, Robert B. Cialdini, Steve J. Martin It has been quite some time that scientific community has
come to terms that in order to make the complex and the difficult understood, bombarding them with
even more complex and hard to understand equations will only drive people away from them.

“ Yes!: 50 Scientifically Proven Ways to Be Persuasive ” also gets into idea generation, saying that having many people contribute often leads to better results. For better efficiency, there should be one final person to decide and if he must reject some contributions, he should make the rejected person know that his opinions and ideas were appreciated and considered.
